RESPONSE TO NOTICE TO COMPLY

COMMISSIONER FOR PATENTS

SIR:

In response to the Office Communication mailed February 17, 2004, Applicants submit that a computer-readable Sequence Listing and a statement confirming the identity between the paper and the computer-readable Sequence Listing are already of record in this case. In particular, Applicants direct the Office's attention to the Preliminary Amendment filed with this application (a copy is attached for convenience) and particularly the paragraph bridging pages 10-11. This paragraph clearly states that the paper copy of the Sequence Listing in this application is identical to the computer-readable Sequence Listing filed in the parent application, U.S. Serial No. 09/636,060 which was filed October 10, 2000. As a result, no further submissions or statements are deemed necessary.
